Company profile

Yongkang Sunway Industry&Trade Co.,Ltd was founded in 2012, has been specializing in producing multi-purpose aluminium ladders, household ladders, extension ladders, working platforms and scaffoldings. With more than 5 years' experience, advanced equipment and machinery, and over 200 skillful workers, we are capable of producing over 800pcs of multi-purpose aluminium ladders, 10,000pcs of household ladders and 5,000pcs of extension ladders monthly.

Our R&D team of engineers and technicians offers a full range of technological services. They are devoted to providing products that serve beyond consumer satisfaction. We bring our strict quality control procedure into effect to guarantee our superior and stable quality. With competitive price, excellent service, prompt delivery and powerful energy output, our products enjoy good reputation among customers from all over the world.

We are looking forward to establishing a long-term relationship with all companies worldwide. Our motto is to strengthen and expand markets both for your company and ours. Best price with excellent quality for our products, we trust we can give you the best service. Contact us now, we sincerely welcome your cooperation.
